| Marcus was great. Really on of the best professors i've had. Not afraid to tell a joke as well a very pedagogical. He cares for the material and makes it his responsibility for everyone to learn differentiating him from many other who go through the material and are eager to go home. |
| One of the best teachers I have had at SSE. Really good at simplifying concepts so that everyone understands and doing so in a fun way. I liked the concept of repeating previous lecture quickly in the beginning of the new lecture. |

Professor Opp the best professor I have had at SSE so far. He has a genuine interest in finance which makes his way of teaching very inspiring. His lectures are amazing, fun and effective. You really learn a lot during the lectures regardless if you know the content beforehand or not.

Maybe to faster see when no one knows the answer to his question and move forward.
